| Course                                                     | Description                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                       | Audience                                                                                                              |
|------------------------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----------------------------------------------------------------------------------------------------------------------|
| Food Safety Regulatory Essentials (FSRE)                   | Verification of day-to-day implementation of establishments' food safety systems; updated with recent policy issuances ( <i>Lm Directive</i> , <i>E. coli</i> O157:H7, BSE, etc.), and shelf stable training                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                      | CSIs (primary), supervisors of CSIs (secondary), States participate                                                   |
| Entry Training for the Public Health Veterinarian          | FSIS has tailored a training program to prepare the Public Health Veterinarian (PHV) to work as part of an in-plant team in establishments that slaughter different animal species and process different types of food products. The training- Entry Training for PHV- is a nine week program which is focused on FSIS' mission of improving and protecting public health. The three weeks classroom curriculum is designed to cover three main categories: FSIS as a public health regulatory agency, animal dispositions/food safety, and FSIS administrative overview. The other six weeks consist of three weeks spent in the plant environment with an assigned mentor and three weeks of Food Safety Regulatory Essentials (FSRE) training. | Newly hired in-plant veterinarians, States to be invited to participate in FY05                                       |
| Frontline Supervisor                                       | Customized training delivered in team approach with contractor and FSIS experts; covers legal and regulatory basis of inspection methods, verification of food safety systems design, leading a multidisciplinary team, labor relations                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                           | <b>FY 04</b> - Existing Frontline Supervisors;<br><b>FY 05</b> - In plant supervisors                                 |
| Enforcement Investigation and Analysis Officer (EIAO)      | Customized training delivered in team approach with contractor and FSIS experts; covers food microbiology, design of food safety systems, EIAO work methods, epidemiology, statistical process control, etc.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                      | Individuals promoted/hired into EIAO position; Public Health Veterinarians, Program Investigators; States participate |
| Federal Law Enforcement Training Center                    | Three different courses customized and team taught with contractor; covers regulatory safety and self defense, regulatory enforcement, advanced investigations                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                    | FO and PEER Program Investigators (PI); PI Supervisors; States participate                                            |
| New Supervisor Program                                     | Customized training delivered by contractor; covers professionalism, performance management, diversity, leadership, coaching and mentoring                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                        | Various program area supervisors; new to supervision; GS-12 – 14                                                      |
| Program Evaluation, Enforcement and Review (PEER) auditing | Customized training delivered by contractor; covers audit principles, techniques, and documentation, includes ISO 9000 certification                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                              | Program Investigators                                                                                                 |
| Leadership development                                     | Customized training delivered by contractor; includes 360 degree leadership assessment, project assignment, and leadership training                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                               | Various program area supervisors; experience with supervision; GS-14 and above                                        |

| Course                                      | Description                                                                                                                                                                                                                                                                                                                                                                                                                        | Audience                                                                                                                          |

| Homeland Food Security Training             | Sophisticated food security awareness training delivered by experienced contractors; two courses – one for District and headquarters staff; one for in plant personnel                                                                                                                                                                                                                                                             | Head-quarters staff, District Office staff, field workforce, State, local government agencies                                     |
| Food Inspector – Livestock & Poultry        | Provides basic information to the new FSIS Food Inspector, with an emphasis on the public health mission. The topics include new employee orientation, regulatory environment, ante and post mortem inspection, professionalism, food security overview, HACCP overview, and other topics needed by the on-line inspector. There are two versions (poultry or livestock) of this training, depending on the employee's assignment. | Newly hired Food Inspectors assigned to poultry or livestock slaughter establishments. States are invited to participate in 2005. |
| Field Automation and Information Management | <i>No description available</i>                                                                                                                                                                                                                                                                                                                                                                                                    |                                                                                                                                   |
| Import Inspection                           | <i>No description available</i>                                                                                                                                                                                                                                                                                                                                                                                                    |                                                                                                                                   |
