Export Requirements for the Cayman Islands

Eligible/Ineligible Products

A. Eligible Products *

1. Meat and meat products, including ground meat, derived from cattle and bison less than 30 months of age.
2. Bovine liver from animals of any age.
3. Veal and veal products from animals of any age.
4. Sheep and goat meat and meat products from animals less than 12 months of age.
5. Meat and meat products legally imported into the United States from Australia, New Zealand, or Canada.
6. Canned, boneless meat legally imported into the United States.
7. Protein free tallow (containing a maximum level of 0.15 percent by weight of insoluble impurities).

B. Ineligible Products

1. Meat and meat products containing meat derived from an Advanced Meat Recovery (AMR) process.

Documentation Requirements

A. Certification Requirements - Obtain FSIS Form 9060-5, Meat and Poultry Export Certificate of Wholesomeness.

1. For meat and meat products derived from cattle and bison slaughtered in the U.S., include the following statement in the Remarks section of FSIS 9060-5:*

*“The meat and meat products were derived from animals less than 30 months of age.” **

*“The meat was obtained from animals that were slaughtered at a USDA inspected facility which slaughters only animals less than thirty (30) months old or where there is satisfactory segregation of animal product to allow certification that it originated from animals less than thirty (30) months of age.”**

2. For sheep and goat meat and meat products derived from animals slaughtered in the U.S., include the following statement in the Remarks section of FSIS 9060-5:*

*“The meat was derived from animals less than 12 months of age.” **

3. For meat and meat products imported from Australia, New Zealand, or Canada and exported to the Cayman Islands without further processing in the United States, a copy of the applicable health certificate from the importing country must accompany the product. In addition, the following statement must be included in the Remarks section of FSIS Form 9060-5:*

*The meat or meat product was legally imported into the United States from Australia, New Zealand, or Canada.” **

4. For meat and meat products imported from Australia, New Zealand, or Canada and exported to the Cayman Islands after further processing in the United States, the following must be included in the Remarks section of FSIS Form 9060-5:*

*“This product contains meat legally imported into the United States from Australia, New Zealand, or Canada.” **

5. For canned, boneless meat imported into the United States and exported to the Cayman Islands, the following statement must be included in the Remarks section of FSIS Form 9060-5:*

*“The canned meat product was derived from boneless meat that was thoroughly cooked and hermetically sealed and was legally imported into the United States.” **

Other Requirements*

- A. Meat and meat products intended for personal consumption up to a maximum of 5 kg will be permitted entry without export certification provided the original packaging is intact and the packaging bears the USDA inspection legend.

Plants Eligible to Export

- A. All Federal authorized plants are eligible to export to the Cayman Islands.
