Export Requirements for Lithuania

Export Alert

Please be advised that Lithuania will become a member of the European Union effective May 1, 2004. As of that date, the export requirements currently in place for Lithuania will be replaced by those governing shipments to the EU. Therefore, effective May 1, 2004, all shipments of EU harmonized product to Lithuania must comply with EU export requirements. These requirements are available in the EU section of this library of export requirements.*

Eligible/Ineligible Products

A. Eligible Product

1. Inedible poultry intended for pet food.
2. Poultry and poultry products (Must be sourced from EU approved plants - See PLANTS ELIGIBLE TO EXPORT section; also see restriction in B.1.)

B. Ineligible Product

1. Poultry and poultry products from birds raised or processed in the Newcastle disease quarantine zone established by the States of California, Nevada, Arizona, and Texas. Consult the following Web sites for information on the current area of the quarantine zones:

[California Department of Food and Agriculture](#)

[Nevada Department of Agriculture](#)

[Arizona Department of Agriculture](#)

[Texas Animal Health Commission](#)

Documentation Requirements

A. Certification Requirements

1. Fresh/frozen poultry and poultry products - Certification requirements will be determined in the event that U.S. poultry plants become eligible.
2. Obtain FSIS Forms 9060-9 and 9260-1 (6/1/98) - Veterinary Certificate for Inedible Poultry Meat

Intended for Pet Food Exported Into Lithuania.

Plants Eligible to Export

- A. All federally inspected poultry plants are eligible to export inedible poultry products to Lithuania
- B. Fresh/frozen poultry and poultry products must originate from establishments that meet EU requirements. Currently no U.S. plants are approved for EU or Lithuania. The current EU lists of approved U.S. establishments are available in the Export Library. Questions should be directed to the Technical Service Center.
