Export Requirements for Malta

Export Alert

Please be advised that Malta will become a member of the European Union effective May 1, 2004. As of that date, the export requirements currently in place for Malta will be replaced by those governing shipments to the EU. Therefore, effective May 1, 2004, all shipments of EU harmonized product to Malta must comply with EU export requirements. These requirements are available in the EU section of this library of export requirements.*

Documentation Requirements

Certification requirements - Obtain FSIS Form 9060-5 without additional statements for all shipments.
