Export Requirements for Nicaragua

Eligible Products

1. Boneless beef including tongue, hearts, kidneys and lips derived from animals less than 30 months of age.*
2. Beef livers from animals of any age.
3. Protein-free tallow.

Documentation Requirements

1. Boneless beef including tongue, hearts, kidneys and lips derived from animals less than 30 months of age must be accompanied by FSIS Form 9060-5, Meat and Poultry Export Certificate of Wholesomeness. The following certification statement must be included in the Remarks section:*

"The certified products were derived from bovine animals less than 30 months of age."

2. For protein-free tallow. The following certification statement must be included in the "Remarks" section.

"The protein-free tallow covered by this certificate has been tested for content of insoluble impurities with the results below 0.15% in weight."

This certification statement will be included on the export certificate based on the presentation of a certificate issued by an independent laboratory report (not belonging to the exporter and/or the manufacturer.)

Plants Eligible to Export

All Federally inspection establishments are eligible to export.
