AGENCY FOR INTERNATIONAL DEVELOPMENT

Notice of Public Information Collection Requirements Submitted to OMB for Review

SUMMARY: U.S. Agency for International Development (USAID) has submitted the following information collection to OMB for review and clearance under the Paperwork Reduction Act of 1995, Public Law 104— Comments regarding this information collection are best assured of having their full effect if received within 30 days of this notification. Comments should be addressed to: Desk Officer for USAID, Office of Information and Regulatory Affairs, Office of Management and Budget (OMB), Washington DC 20503. Copies of submission may be obtained by calling (202) 712-1365.

SUPPLEMENTARY INFORMATION:

OMB Number: OMB 0412-0552.

Form Number: N/A.

Title: Financial Status Report.

Type of Submission: Renewal of Information Collection.

Purpose: In its appropriations act, Congress always requests country level financial expenditure data in order to determine whether funds appropriated to the Agency are being used for their intended purpose and are not used to support activities that are not in the US National Interest. Generally, this has been fairly straightforward for assistance recipients who work specifically in one country, but harder to capture in the cases where recipients operate at a regional scale. Therefore, for each country where USAID spends money, careful review is necessary in order to be able to certify that funds expended do not go into programs where funding is prohibited, restricted or limited. Financial expenditure data by country is used by the agency to meet several reporting requirements for Congress. Country specific financial expenditure data is also used to determine whether

the agency is meeting Congressional ceilings and earmarks. In addition, Congressional notification is required for activities in certain countries (Burma, Cambodia, Colombia, Democratic Republic of Congo, etc), as well as activities covering certain subject matter such as activities promoting country participation in the Kyoto Protocol, use of notwithstanding authority for supporting energy programs aimed at reducing greenhouse gas emissions. In each case, Congress request to know the amount of taxpayer dollars that is expended by the program or in the specific country.

USAID currently requires grant and cooperative agreement recipients who work in multiple countries to provide expenditure reports by country. The purpose of this notice is to extend the class deviation to the statute from the Office of Management and Budget in accordance with 22 CFR 226.4. The information is being collected so that USAID can ensure programs do not fund activities in countries where the United States Congress has prohibited or fund programs where Congress has limited the types of activities that may be funded.

Annual Reporting Burden:

Respondents: 80.

Total annual responses: 320.

Total annual hours requested: 800 hours.

Dated: May 3, 2002.

Cynthia Staples,

Acting Chief, Information and Records Division, Office of Administrative Services, Bureau for Management.

SUPPLEMENTARY INFORMATION:

Background

The NACMCF was established in March 1988, in response to a recommendation in a 1985 report of the National Academy of Sciences Committee on Food Protection, Subcommittee on Microbiological Criteria, "An Evaluation of the Role of Microbiological Criteria for Foods." The current Charter for the NACMCF and other information about the Committee are available for viewing on the NACMCF homepage at www.fsis.usda.gov/ophs/nacmcf/.

The Committee provides scientific advice and recommendations to the Secretary of Agriculture and the Secretary of Health and Human Services concerning the development of microbiological criteria by which the safety and wholesomeness of food can be assessed. For example, the Committee assists in the development of criteria for microorganisms that indicate whether food has been processed under sanitary conditions.

Appointments to the Committee will be made by the Secretary of Agriculture after consultation with the Secretary of Health and Human Services to ensure that recommendations made by the

Committee take into account the needs of the diverse groups served by the Department. Membership shall include, to the extent practicable, individuals with demonstrated ability to represent minorities, women, and persons with disabilities. Nominees who are selected will be required to submit a Financial Disclosure form AD-755, available on-line at:

www.fsis.usda.gov/ophs/nacmcf/.

Given the complexity of issues, the full Committee expects to meet at least once yearly and the meetings will be announced in the **Federal Register**. The subcommittees will meet as frequently as deemed necessary by the chairperson and will be held as working group meetings in an open public forum. The subcommittee meetings will not be announced in the **Federal Register**. FSIS will announce the agenda and subcommittee working group meetings through the Constituent Update available on-line at www.fsis.usda.gov. NACMCF holds subcommittee working groups in order to accomplish the work of NACMCF; all work accomplished by the subcommittees is reviewed and approved by the full Committee during a **Federal Register** announced public meeting of the full Committee. The subcommittee may invite technical experts to present information for consideration by the subcommittee. All data and records available to the subcommittee are expected to be available to the public at the time the full Committee reviews and approves the work of the subcommittee.

Appointment to the Advisory Committee is a two-year term; renewable for three consecutive terms. Members must be prepared to work outside of scheduled Committee and subcommittee meetings, and may require document preparation. Committee members serve on a voluntary basis; however, travel reimbursement and per diem is available.

Additional Public Notification

Public awareness of all segments of rulemaking and policy development is important. Consequently, in an effort to better ensure that minorities, women, and persons with disabilities are aware of this notice, FSIS will announce it and provide copies of this **Federal Register** publication both on the FSIS and NACMCF web pages and in the FSIS Constituent Update. FSIS provides a weekly FSIS Constituent Update, which is communicated via fax to over 300 organizations and individuals. In addition, the update is available on-line through the FSIS web page located at <http://www.fsis.usda.gov>. The update is

used to provide information regarding FSIS policies, procedures, regulations, **Federal Register** notices, FSIS public meetings, recalls, and any other types of information that could affect or would be of interest to our constituents/ stakeholders. The constituent fax list consists of industry, trade, and farm groups, consumer interest groups, allied health professionals, scientific professionals, and other individuals that have requested to be included. Through these various channels, FSIS is able to provide information to a much broader, more diverse audience. For more information and to be added to the constituent fax list, fax your request to the Congressional and Public Affairs Office, at (202) 720-5704.

Done at Washington, DC on: May 6, 2002.
