REVISED ATTACHMENT 4 FOR FSIS NOTICE 65-07

This notice reissues Attachment 4, Product/Process Risk, to FSIS Notice 65-07, Notice of Reassessment for *Escherichia Coli* O157:H7 Control and Completion of a Checklist for All Beef Operations. FSIS has revised Attachment 4 by:

1. renaming it to "Risk/Processing Codes"; and
2. editing it so that it only lists beef processing codes.

These changes will make it easier for inspection program personnel to determine which inspection procedures to replace when they complete the questions regarding the reassessment and the checklist.

Direct questions to the Policy Development Division at 1-800-233-3935.
