Broilers	3	P325	Tyson Foods, Inc	Center	TX	7/18/2012	FAILED; EXCEEDED STANDARD	PASS; <=50% STANDARD
Broilers	3	P445	Wayne Farms, LLC	Dobson	NC	8/15/2012	FAILED; EXCEEDED STANDARD	PASS; <=50% STANDARD
Broilers	3	P32143	Otto's Poultry, Inc.	Middleville	MI	8/21/2012	FAILED; EXCEEDED STANDARD	PASS; <=50% STANDARD

***Only active or seasonal establishments that are currently operating and subject to sampling with the most recent set exceeding the standard are listed.**

Notes for Clarification:

A. On or about the 15th of each month FSIS updates and posts the "*Salmonella* Set Category Results for Individual Establishments" for sets completed by the end of the prior month.

- B. Listed establishments are those with sufficient annual production for FSIS to obtain a timely set (see: http://www.fsis.usda.gov/Science/Scheduling_Criteria_Salmonella_Sets/index.asp).
- C. Establishments are sorted by analysis complete date for most current set.
- D. Establishments notifying FSIS that they no longer are producing a raw class of product will be removed from the listing in the next monthly update
- E. Pass/fail set results are based on the standard in place at the time the verification set was initiated.

Terminology:

- A. "category" means the assigned level of process control for *Salmonella* results collected by FSIS (see: 71 FR 9772, 2/26/06; 73 FR 4767 1/28/08).
- B. "at or below half" means the number of positives in the set is at or below half the number of acceptable positives as stated in either 9 CFR (310.25(b)(1) or 381.94(b)(1)) or 70 FR 15282, 3/21/2011.
- C. "above half but not exceeding" means the number of positives in the set is above half but not exceeding the number of acceptable positives as stated in either 9 CFR (310.25(b)(1) or 381.94(b)(1)) or 70 FR 15282, 3/21/2011.
- D. "exceeding" means the number of positives in the set is above the number of acceptable positives as stated in either 9 CFR (310.25(b)(1) or 381.94(b)(1)) or 70 FR 15282, 3/21/2011.
