**Letterhead Certificate for Bone-in and Boneless Veal
Intended for Export to Mexico**

Date Issued _____ **Certificate Number** _____

1. The product is of U.S. origin or legally imported from Australia or New Zealand from plants approved by the Secretariat of Agriculture, Livestock, Rural Development, Fisheries and Food.
2. The animals from which the product was obtained were slaughtered in installations authorized by the Department of Agriculture of the United States (USDA) and are dedicated exclusively to the slaughter of animals under the age of 30 months or that the plant has acceptable procedures for complete segregation that permits the official from USDA to identify and select the products to be exported.
3. The product was obtained from animals of 36 weeks or less of age, determined by means of records that demonstrate the age or through the post-mortem inspection in which it must be verified that the animals from which the product was obtained had temporary teeth.
4. The country of origin of the product has animal health regulations in force that prohibit the feeding of ruminants with meals made from meat and bone or skin rinds of ruminant origin.
5. The animals from which the product was obtained were not stunned by means of gas injection in the cranial cavity, or cutting of the spinal cord by laceration of the central nervous tissue by means of introducing a sharp cutting instrument in the cranial cavity.
6. The tonsils and intestines were removed from the animals at the moment of slaughter or that the animals were only fed with milk or milk substitutes.
7. The product to be exported does not contain ground meat.
