If Item # 1B, #2B, and/or #3B (if required) is NO, or pink juice is detected, immediately contact the CBP office indicated above.

6B. FSIS Inspector: _____ Badge # _____

(PRINT)

Section A is to be completed by CBP at the port of arrival, sealed into an official government envelope (OGE), and addressed "To Be Opened Only by USDA/FSIS Inspector". The OGE must be delivered by a CBP contracted courier to the FSIS I-House listed in Section A. This form must be completed for all shipments of perishable cooked beef from countries affected with FMD. Multiple meat/meat product shipments under the same Port Shipment ID number(s) may be documented on the same notification sheet.

Section B is to be completed by USDA/FSIS.

SECTION A: **CBP** (Print or Type)

ITEM 1A: Enter the Port Shipment ID number using either: Container number, Bill (Bill of Lading number/Air Way Bill number/Rail Bill number), or Truck Entry number. Circle the appropriate method.

ITEM 2A: Enter the country of origin of the product.

ITEM 3A: Enter the meat certificate number(s).

ITEM 4A: Place a check in the box next to beef.

ITEM 5A: Indicate if a Pink Juice Test (PJT) is required to determine if the perishable cooked beef has been cooked sufficiently to deactivate Foot and Mouth Disease (FMD). **The beef must originate from an APHIS approved foreign facility. There are NO APHIS approved facilities for cooking pork in FMD countries at this time.** A PJT is performed by an FSIS Inspector at the FSIS Rapid-Defrost Facility approved to perform this test.

ITEM 6A: Confirm and enter the seal number on the container(s).

ITEM 7A: Enter information on the FSIS I-House.

ITEM 8A: Print your name and badge number **legibly**. Make a copy for CBP records.

SECTION B: **USDA/FSIS** (Print or Type)

Fill out the bottom portion of the sheet and return to the CBP office indicated in Section A of this sheet.

ITEM 1B: Check the appropriate box referring to whether the shipment arrived with the seal(s) intact and the seal number(s) match those listed in Item 6A.

ITEM 2B and ITEM 3B: Check the appropriate box.

ITEM 4B: Check the appropriate box. If pink juices are detected, the shipment is to be **REFUSED ENTRY**. Immediately notify the CBP office listed in Section A of this sheet to confirm the presence of pink juices.

ITEM 5B: Check the appropriate box.

ITEM 6B: Print your name and badge number **legibly**.
