Letterhead Certificate for Raw Poultry Meat, Carcass, Mechanically-De-boned Meat, Viscera and Offal Product, Including Meat for Further Processing Destined to Mexico

Date Issued: _____

Certificate Number: _____

1. The product originates from the country indicated in this document.
2. The product comes from healthy animals inspected ante and post mortem in establishments under official control.
3. The United States is free of Velogenic Newcastle Disease.
4. The product has been approved for human consumption.
5. The product comes from flocks/farms from which 59 serological samples have been taken and tested for avian influenza using the double Agar Gel Immunodiffusion (AGID) test or the ELISA test according to OIE standards, with negative results to AI or that the flock and/or farm of origin is registered in the National Poultry Improvement Plan.
6. The product is freely transported and marketed within the United States.
7. During slaughter and processing, this meat was not mixed with birds, meat, offal or viscera, which had not met the foregoing requirements.
8. The product has been packed in new boxes.
9. The vehicles and containers that transport the meat, offal or viscera were cleaned and disinfected previous to the shipment.
