

**Letterhead Certificate for Pork Casings From Animals Slaughtered in Canada,
Australia, New Zealand, or Denmark**

Date Issued: _____

Certificate Number: _____

1. The casings were derived from animals originating and slaughtered in Canada, Australia, New Zealand, or Denmark.
2. The casings are of porcine origin only.
3. Slaughter Dates:
4. The name, address, and establishment numbers of the establishments where the animals from which the casings were derived were slaughtered:
5. The name, address, and establishment numbers of the establishments where the casings were prepared and/or stored:
6. The animals from which the casings were derived were subject to ante-mortem and port-mortem inspection at the time of slaughter and were free from contagious and infectious disease which could be transmitted in casings.
7. The country of origin of the casings is officially free from foot and mouth disease, rinderpest, African swine fever, classical swine fever, swine vesicular disease, and Teschen disease.
8. The casings were packed:
 - so that each packing container contains casings derived from a single species of animal only;
 - so that the casings were not exposed to contamination before export;
 - in clean, new or disinfected packing containers; and
 - so that the identification/veterinary control number of the establishment number where the casings were packed was readily visible on the outer wrapping or package.
