

FSIS Form 9060-5EP (Egg Product Export Certificate of Wholesomeness) – Completion Instructions

Block 1: District Office - Enter the District Office name and number covering the exporting establishment

Block 2: Country of Destination - Enter the name of the intended receiving country.

Block 3: Exported By - Enter the applicant's (exporter/consignor) name and address including zip code. The "Exported By" block is intended to identify the exporter or consignor. This is usually the owner and/or exporter of the product. In some cases, the applicant plant may own the product and also be the consignor.

Block 4: Consigned To - Consignee/ Importer's name and physical address including zip code. The consignee/importer is located in the country of destination. Check that the consignee/importer address is in the same country listed in the "Country of Destination" box.

Block 5: Total Marked Net Weight - Enter the total weight of the lot. Check that the total net weight equals the combined marked weight of each individual lot of product.

Block 6: Total Containers - Enter the total number of shipping containers in the lot. Check that total container number equals the combined number of packages in the lot.

Block 7: Certificate Number - Pre-printed serial number for FSIS Form 9060-5EP.

Block 8: Est/Plant Number - Enter the establishment number where the product is exported from. This is usually where the product is stamped for export.

Block 9: City - Enter the city where the exporting establishment is located

Block 10: Warehouse, Processing Plant, Other (Please Specify) - Check the correct box for type of FSIS inspected exporting facility.

Block 11: This block intentionally left blank

Block 12: Product as Labeled - Enter the name of the product as it appears on the label of the immediate container(s) (Liquid, Frozen or Dried) unless specified differently by the importing country in the FSIS egg export library.

Block 13: Marked Weight of Lot - Enter the marked weights for each individual lot of product.

Block 14: Number of Packages In Lot - Enter the number of packages of each lot of product (combos, cartons, drums, boxes, cases, etc.).

Block 15: Shipping Marks/Lot Numbers - Enter the lot number or production code and any shipping marks used by the establishment to identify product. Check export library to determine if the importing country requires shipping marks, company seals, or transport vessel numbers.

Block 16: Est./Plant Number on Product - Enter the establishment number marked on the shipping cartons/containers of the product intended for export.

Block 17: Remarks - Enter only the certification statements specified in the export library for the importing country. The certification statements must be exactly as listed in the Export Library.

Block 18: Attestation - Checking the box attests that the egg products in the shipment meet FSIS requirements and are eligible for commerce.

Block 19: Inspector and District - The certifying official should sign the certificate using any color other than black ink, type or print their name and their district number and if the importing country requires a PHV signature, include his or her professional degree.

Block 20: Date Signed - The date the FSIS Form 9060-5 EP was signed.
