6. AGREEMENT AND CERTIFICATION

The undersigned requests that the plant identified above be reviewed and provided certification service for Technical Animal Fats for export.

I (we) make this request with the understanding that if this service is granted, I (we) will pay for such service and otherwise conform strictly to the provisions of the Agricultural Marketing Act of 1946 as amended (7 U.S.C. 1621 et seq.) and the applicable regulations thereunder (9 CFR Part 351).

A. Applicable if block 5A is checked

I (we) further certify that I (we)

- Operate the above identified rendering plant.
- This plant will receive material derived from federally or State inspected and passed carcasses or parts of carcasses, of animals that did not die otherwise than by slaughter under such inspection.
- These source materials will be rendered at this plant into technical animal fat eligible for export, or for storage for export, in accordance with 9 CFR Part 351.
- Such source materials and such rendered animal fat will be identified and kept separated at all times from other products.
- The statements in the description of procedures which accompanies this application as required by 9 CFR 351.5(c) are true.

B. Applicable if block 5B is checked

I (we) further certify that I (we)

- Operate a storage facility that will receive for storage certified technical animal fat shipped directly from a certified rendering plant for storage for export, and will receive such fat only if it is accompanied by MP Form 85 as provided in 9 CFR 351.17.
- Will keep such shipments of certified technical animal fat identified and separated from uncertified products.
- The statements in the description of procedures which accompany this application as required by 9 CFR 351.5(c) are true.
