HEATING INSTRUCTIONS:
For especially crispy coating, we recommend using an oven. Defrosting not necessary. Defrosting product shortens preparation time.

Oven, toaster-oven or grill: Heat at 200°C/390°F for 15-20 minutes, turn over after 10 minutes.

Microwave: Heat at full power for approximately 2-3 minutes, according to type of microwave.

Pan: Lightly fry or deep fry on moderate flame in hot oil for 2-4 minutes.

STORAGE INSTRUCTIONS:
Keep frozen (-18°C/0°F) until ready to use.
Do not thaw and refreeze.

Production date & best before are printed on the package.

We guarantee that this product meets our highest standards of quality. If for any reason you're not completely satisfied, please write us or visit us at www.tnuva.com
