**EMAIL / COURIER**

Mr. Omar Mady (Owner)  
American Halal Meat, Inc., Est. M20403  
270 Raymond Boulevard  
Newark, NJ 07105

**NOTICE OF SUSPENSION**

Dear Mr. Mady,

This letter confirms the verbal notification given on April 30, 2020, at approximately 1022 hours, by the Food Safety and Inspection Service (FSIS) Inspection Program Personnel (IPP) of the suspension of the assignment of inspectors for slaughter operations at American Halal Meat, Inc., Est. M20403, herein after referred to as “your establishment.” This action was initiated in accordance with Title 9 of the Code of Federal Regulations (9 CFR) 500.3, after FSIS determined that your establishment failed to slaughter and handle animals humanely.

**Background/Authority**

The Federal Meat Inspection Act (FMIA) (Title 21 of the United States Code {21 U.S.C.} 603 et seq.) provides that for the purpose of preventing the inhumane slaughtering of livestock, the Secretary shall cause to be made, by inspectors appointed for that purpose, an examination and inspection of the methods by which cattle, sheep, swine, goats, horses, mules, or other equines are slaughtered and handled in connection with slaughter in the slaughtering establishments inspected under this Act. The Secretary may refuse to provide inspection to a new slaughtering establishment or may cause slaughtering to be temporarily suspended at a slaughtering establishment if the Secretary finds that any cattle, sheep, swine, goats, horses, mules, or other equines have been slaughtered or handled in connection with slaughter at such establishments by any method not in accordance with sections 1901 to 1906 of Title 7 until the establishment furnishes assurances, satisfactory to the Secretary, that all slaughtering and handling in connection with slaughter of livestock shall be in accordance with such a method.

The Humane Methods of Slaughter Act of 1978 (7 U.S.C. 1901 et seq.) provides that Congress finds that the use of humane methods in the slaughter of livestock prevents needless suffering; results in safer and better working conditions for persons engaged in the slaughtering industry; brings about improvement of products and economies in slaughtering operations; and produces other benefits

for producers, processors, and consumers which tend to expedite an orderly flow of livestock and livestock products in interstate and foreign commerce. It is therefore declared to be the policy of the United States that the slaughtering of livestock and the handling of livestock in connection with slaughter shall be carried out only by humane methods.

### **Findings/Basis for Suspension**

At approximately 1010 hours on Thursday, April 30, 2020, at American Halal Meat, Inc., Est. M20403, IPP identified an egregious humane handling non-compliance in which there was an ineffective stun without an immediate and effective corrective action. The Supervisory Public Health Veterinarian (SPHV) observed an establishment employee attempt to stun a lamb which had been condemned during antemortem inspection. Following the initial stun attempt using a .25 caliber hand-held captive bolt stunning device (HHCB), the lamb began bleeding from its nose, flicking its tail, exhibited rhythmic breathing, flexing its neck and abdominal muscles as if attempting to lift its head, looking around with tracking eye movement, and blinking (both spontaneous and in response to touch). The employee who attempted the initial stun did not have extra ammunition for the HHCB, so a second employee left the area to get more ammunition. When the second employee returned with the ammunition, the first employee reloaded the HHCB and successfully rendered the lamb unconscious. The IIC applied US Retain/Reject Tag #s B40487696, B40487697, and B4048770 to the slaughter areas and the final product loading dock to prevent further slaughter of livestock. The establishment does not have a robust systematic approach to humane handling (RSA). The SPHV notified establishment personnel of the suspension of the assignment of inspection at approximately 1022 hours.

This incident is a violation of 9 CFR 313.15(a)(1) which states, in part, the captive bolt stunners shall be applied to the livestock in accordance with this section so as to produce immediate unconsciousness in the animals before they are shackled, hoisted, thrown, cast, or cut. The animals shall be stunned in such a manner that they will be rendered unconscious with a minimum of excitement and discomfort. The incident is considered egregious because there was an ineffective stun attempt without an immediate and effective corrective action.

The suspension action will remain in effect until you provide the Raleigh District Office with adequate written assurances, including corrective actions and further planned preventive measures, to assure that livestock at your establishment are slaughtered humanely. In order to resume inspected operations, you must submit corrective actions to my attention at the District Office. These corrective actions should include at a minimum the following:

1. Identify the assessment process used to determine the nature and cause of the noncompliances.
2. Identify what the assessment revealed as the likely cause of the system failure.
3. Describe the specific actions that will be taken to eliminate the cause of the failures.
4. Describe the future monitoring activities you will use to ensure that changes are implemented and are effective.

You are reminded that, as an operator of a federally inspected plant, you are expected to comply with FSIS regulations and to take appropriate corrective actions to prevent inhumane handling of livestock at your establishment. Please be advised that your failure to respond adequately to these issues may result in our initiating action to withdraw inspection from your establishment. Please also be advised that you have the right to appeal this matter.

In accordance with 9 CFR 500.5(a)(5), you may appeal this action by contacting the:

U.S. Department of Agriculture  
Food Safety and Inspection Service  
Attention: Michael Watts,  
Executive Associate for Regulatory Operations  
1400 Independence Avenue, SW  
Room 344-E, Whitten Building  
Washington, DC 20250

In addition, you may also request a hearing regarding this determination pursuant to FSIS' Rules of Practice (9 CFR 500.). The rules of Practice were published in the Federal Register, Vol. 64, No. 228, on November 29, 1999. As specified in Section 500.5(d), should you request a hearing, FSIS will file a complaint that will include a request for an expedited hearing. If you wish to request a hearing regarding this determination, you should contact:

Scott C. Safian, Director  
Food Safety and Inspection Service  
Office of Investigation, Enforcement and Audit  
Enforcement and Litigation Division  
Stop Code 3753, PP3, Cubicle 9-235A  
1400 Independence Avenue, SW  
Washington, D.C. 20250  
Voice: (202) 418-8872  
Fax: (202) 245-5097

It is our hope that this matter can be resolved quickly. If you have any questions, please call Mr. Todd Furey, District Manager, at 919-208-2945 or Mr. Mark Roling, Deputy

District Manager, at 919-208-2935. We urge your cooperation and voluntary compliance.

Sincerely,

For **MARK ROLING** Digitally signed by MARK ROLING
