fsis.foia@usda.gov

Received in USDA/FSIS
JUL 0 2 2018
FOIA Office

Dear FOIA Officer:

Under the Freedom of Information Act, I am requesting all establishment-specific data collected by the FSIS at Market Swine establishments from January 1, 2012 to present, for the following fields:

1. Establishment ID
2. Establishment Number
3. Establishment Name
4. District
5. Circuit
6. State
7. HACCP Processing Size
8. Fiscal Year
9. Species (Should be all Market Swine)
10. Condition
11. Postmortem Condemned (PM_Condemned)
12. Antemortem Condemned (AM_Condemned)
13. Postmortem Establishment Sorted
14. Antemortem Establishment Sorted
15. Estab
16. NbrPass
17. NbrAM
18. Pending
19. NbrRestrict
20. DispositionCount
21. Data captured in the narrative field (which may indicate plant rejects).

In addition, the proposed rule on the Modernization of Swine Slaughter indicates that "FSIS inspectors observe establishment employees performing sorting procedures at least twice per shift under HIMP compared to at least once per month under the voluntary segregation procedures permitted under traditional inspection of market hogs."[1] We request the inspection task codes, if any exist, associated with the task of observing sorting procedures (under HIMP)

[1] Modernization of Swine Slaughter. 83 Fed. Reg. 4780, 4783 (February 1, 2018).

and voluntary segregation (under traditional). We further request the number of such inspection tasks performed at each Market Swine establishment per year, from January 1, 2012 to present.

Depending on what information we are provided, we may use it to educate the public and recommend policy actions related to USDA regulation of swine slaughter.

The Center for Science in the Public Interest (CSPI) is a nonprofit public-interest organization representing the interests of consumers on food safety, nutrition, alcohol and other health related issues. As such, CSPI requests a waiver of fees for processing this Freedom of Information Act request, including search, review, and duplication charges. The records subject to the request are not being sought for any commercial purpose, and their disclosure will be "in the public interest because it is likely to contribute significantly to public understanding of the operations or activities of the Government." 5 U.S.C. § 552(a)(4)(A).

In the alternative, CSPI requests a waiver of fees as a member of the media. CSPI publishes the *Nutrition Action Healthletter* as well as reports based on information acquired through the Freedom of Information Act. Many reports can be accessed on our web site at www.cspinet.org. Those reports are distributed to consumers, journalists, public interest groups, academics, and members of the public.

CSPI requests that, as provided in 5 U.S.C. § 552(a)(6)(A)(i), USDA respond to this request within 20 working days. CSPI further requests that USDA provide responsive documents as they become available, rather than producing them at a later date all at one time.

If you deny any part of this request, please cite each specific reason that you believe justifies your refusal to release the information. Please notify me of appeal procedures available under the law. Additionally, please let me know if there is any reason the agency will not be able to respond within the statutory time limit. My mailing address is 1220 L Street NW, Suite 300, Washington, DC 20005-4053. If you have any questions concerning this request, you may contact me at (b) (6) (email: (b) (6)

Sincerely,

Sarah Sorscher

RE: FOIA-2018-00388
Market Swine Data

Dear Ms. Sorscher:

This is the final response to your Freedom of Information Act (FOIA) request to the Department of Agriculture's (USDA), Food Safety and Inspection Service (FSIS), dated June 29, 2018. You requested a copy of records regarding establishment-specific data collected by FSIS at Market Swine establishments, from January 1, 2012 to June 29, 2018. FSIS received your request on July 2, 2018.

The FSIS FOIA staff works with subject matter experts across the Agency to locate responsive documents. For this request, we conducted a records search in the Office of Program Analysis and Risk Management and the Office of Field Operations. FSIS' search began on July 3, 2018. Our search includes responsive records in FSIS' control on that date.

We have located one responsive EXCEL spreadsheet containing multiple tabs. After a thorough review, we have determined that this record is releasable in its entirety. Accordingly, your request is granted in full.

Please note that in reviewing the data, it was determined that a number of dispositions are incorrectly shown to be in "Pending" status. There were 635,508,078 market swine slaughtered in the non-HIMP plants, 2,697 of those are currently listed as pending. That is 0.0004% of the market swine slaughtered, and .09% of the 3,083,390 dispositions. While the age of much of the data prevented us from definitively identifying the cause of each individual inaccuracy, we have determined that primary root causes include initial data entry error and inconsistent verification that the "Pending status" had been changed to the correct status in a timely and complete manner.

You may appeal this determination within 90 days from the date of this letter. Your appeal should include copies of your original request and this response, as well as a discussion of the reasons supporting your appeal. The envelope should be plainly marked to indicate that it contains a FOIA appeal. If you decide to appeal this determination, please send your appeal to:

Carmen Rottenberg
Administrator
Food Safety and Inspection Service
United States Department of Agriculture
1400 Independence Avenue, S.W., Rm 1170-S
Washington, D.C. 20250-3700

Please be advised that your FOIA request, including your identity and any information made available, is releasable to the public under any subsequent FOIA requests. However, FSIS does not release your personal privacy information, such as home addresses, telephone numbers, or Social Security Numbers, all of which are protected from disclosure under FOIA Exemption 6.

If you have any questions about the way this request was handled, please contact Arianne Perkins at Arianne.Perkins@usda.gov or by telephone at 202-690-2760. Additionally, you may contact the Office of Government Information Services (OGIS) at the National Archives and Records Administration to inquire about the FOIA mediation services they offer. The contact information for OGIS is as follows: Office of Government Information Services, National Archives and Records Administration, 8601 Adelphi Road-OGIS, College Park, MD 20740-6001, e-mail at ogis@nara.gov; telephone at 202-741-5770; or facsimile at 202-741-5769.

Thank you for your interest in FSIS programs and policies.

Sincerely,

Arianne M. Perkins
Director, Freedom of Information Act Staff
Office of Public Affairs and Consumer Education
Food Safety and Inspection Service
