**FSIS Letterhead Certificate for the Export of Non-Beef Heat Processed Meat Based
Flavors with More Than 5% Meat to Australia**

Date Issued: _____ **Certificate Number:** _____

1. The meat was derived from (species) _____.
2. This product does not contain bovine meat.
3. The date(s) on which the meat was heat processed _____.
4. The product was produced at Establishment No. _____, which is approved for export to Australia.
5. The animals from which the meat was derived were subjected to ante-mortem and post-mortem veterinary inspection and were found to be free from contagious or infectious disease.
6. The meat has been treated with heat so that the core temperature of the meat exceeded 100°C for not less than 30 minutes, or an alternative heat treatment approved by the Australian Government Department of Agriculture and Water Resources.
7. Select the applicable option below.

The identification/veterinary control number of the establishment where the meat was heat processed is readily visible on the outer wrapping or package. The identification/veterinary control number must not be able to be removed without damage.

Or

The product batch code/number, traceable back to the establishment where the meat was heat processed is readily visible on the outer wrapping or package. The batch code/number must not be able to be removed without damage.
