Mr. Mike Flohr, Owner
A & W Country Meats, Inc., M10801
Rear 12 Middle Street
Taneytown, MD 21787

NOTICE OF SUSPENSION HELD IN ABEYANCE

On December 16, 2020, your establishment received official notification from the Food Safety and Inspection Service (FSIS) of the suspension of the assignment of inspection personnel for slaughter operations at A&W Country Meats, Est. M10801. The decision to suspend inspection at your establishment was based on the determination by FSIS that your establishment failed to slaughter and handle animals humanely.

On December 21 and 22, 2020, you provided FSIS with proposed responses to the suspension action. Your responses outlined written corrective and preventive measures to bring your establishment into compliance with humane handling of livestock requirements and to achieve compliance with the Federal Meat Inspection Act (FMIA) (Title 21 of the United States Code {21 U.S.C} 603), the Humane Methods of Slaughter act of 1978 (HMSA) (7 U.S.C. 1901 et seq.), and federal regulations {Title 9 of the Code of Federal Regulations (9 CFR) parts 313}. Based on your submitted written assurances, we have determined that the suspension of the assignment of inspectors for slaughter operations at your plant will be held in abeyance, in accordance with 9 CFR Part 500.5(e).

The suspension will remain in abeyance pending verification by FSIS that your proposed corrective and preventive measures have been effectively implemented. Plant personnel should monitor operations to prevent violations of humane handling and slaughter from occurring in the future. It is also important for you to understand the responsibility of FSIS to initiate action when there is a failure to operate in accordance with 9 CFR Part 313 of the regulations.

A copy of the FSIS Verification Plan is enclosed to assist you in understanding the nature and importance of the Agency's verification activities. This FSIS Verification Plan is designed to verify that your establishment fully implements the corrective actions proffered in your proposed corrective actions, and that these revisions and corrective actions are effective in assuring ongoing regulatory compliance. It identifies your corrective action elements, the relevant regulatory requirements, the PHIS task under which corrective action elements will be verified, and the monitoring frequency. Only FSIS can amend the verification plan and any

modifications to your submitted acceptable corrective actions made during the abeyance period will need to be submitted in writing to FSIS for verification of compliance prior to implementation by your establishment. FSIS will begin verification of your proposed actions before startup of your next scheduled slaughter.

Please be advised that, as a federally inspected establishment, you are expected to comply with FSIS regulations and to take appropriate corrective action to prevent Inhumane Handling of Livestock at your establishment. Your failure to comply with these requirements or to implement the measures in your action plan could result in reinstatement of the suspension of inspection at your establishment or other appropriate administrative or legal action.

If you have any questions, you may call me at 919-208-2945 or contact me via email at todd.furey2@usda.gov. You may also contact Dr. Ariel Thompson, Deputy District Manager, at 919-208-2946. We urge your cooperation and voluntary compliance.

Sincerely,

ROGER MURPHY
