NOTICE OF SUSPENSION HELD IN ABEYANCE

Dear Mr. Vernon,

On November 3, 2020, the Food Safety and Inspection Service (FSIS) notified you of the suspension of the assignment of inspection personnel at your facility. This Notice of Suspension (NOS) was based on the Rules of Practice specified in Title 9 Code of Federal Regulations (CFR) 500.3(b) due to your establishment's failure to prevent inhumane handling and slaughtering of livestock at your facility as required by 9 CFR 313.15(a)(1), 313.15(a)(3), 313.16(a)(1), and 313.16(a)(3).

On November 5, 2020, you provided a written response (Action Plan) to the NOS via email, beginning a dialogue with FSIS that concluded with your final Action Plan submission on November 18, 2020. FSIS analyzed the corrective and preventive measures provided in your Action Plan and subsequent revisions and determined they represented compliance or the intent to comply with all applicable regulations. Therefore, FSIS will hold the suspension in abeyance pending verification by FSIS personnel that your Action Plan is effectively implemented. You were verbally notified of the suspension being held in abeyance on November 20, 2020, and this letter serves as formal, written notification of the same.

An abeyance is a moratorium on the effect of a suspension. Once a suspension is imposed, the Agency may put it into abeyance if the establishment undertakes corrective and preventive actions that the Agency finds will ensure that the conditions that were the basis for the suspension will be eliminated, and the Action Plan is effectively implemented. During the abeyance period, FSIS personnel will evaluate your corrective and preventive actions to ensure their effectiveness.

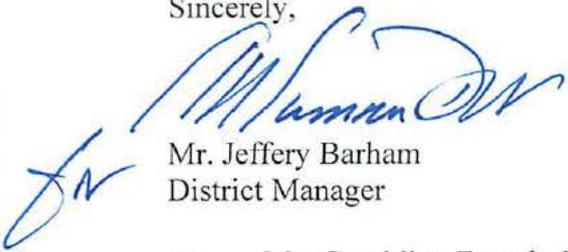

A copy of the FSIS Verification Plan is being shared with you to assist in understanding the nature and importance of the Agency's verification activities. This FSIS Verification Plan is designed to verify that your establishment fully implements the Action Plan identified in your proposal and subsequent clarifications, and that measures proffered are effective in assuring ongoing regulatory compliance. It identifies the regulatory noncompliance, your actions, and FSIS verification procedures.
