

**Letterhead Certificate for U.S., Australia, New Zealand, Denmark, Netherlands and/or
Canadian Origin Pork Casings**

Date Issued: _____ Certificate Number: _____

1. The casings are of porcine origin only.
2. The animals from which the casings were derived were born, raised and slaughtered in an approved country which is free from foot and mouth disease, African swine fever, classical swine fever, swine vesicular disease, and Teschen disease.
3. Slaughter Dates:
4. The name, address, and identification/veterinary control number(s) of the establishment(s) where the animals from which the casings were derived were slaughtered:
5. The animals from which the casings were derived were subject to ante-mortem and post-mortem inspection at the time of slaughter and were free from contagious and infectious disease which could be transmitted in casings.
6. That all preparation, processing and storage of the casings were carried out in an approved country which is free from foot and mouth disease, African swine fever, classical swine fever, swine vesicular disease, and Teschen disease.
7. The name, address, and identification/veterinary control number(s) of the establishment(s) where the casings were prepared, processed and/or stored:
8. The casings were processed and packed:
 - so that each packing container contains casings derived from a single species of animal only;
 - so that the casings were not exposed to contamination before export;
 - in clean, new or disinfected packing containers; and
 - so that the identification/veterinary control number of the establishment where the casings were packed is readily visible on the outer wrapping or package.
