**Letterhead Certificate for Natural Bovine Casings Used in Processed  
Products for Export to Japan**

Date Issued: \_\_\_\_\_ Certificate Number: \_\_\_\_\_

1. The casings are derived from animals which were born and raised in countries other than the United Kingdom (Great Britain and Northern Ireland), Ireland, Switzerland, France, Portugal, Belgium, Luxembourg, Denmark, the Netherlands, Liechtenstein, Germany, Spain, Greece, Italy, Czech Republic, Slovakia, Austria, Finland, Slovenia, Poland, Sweden, Israel, Canada, USA, Brazil, Norway or Romania. At the time of import to the United States it has been confirmed that the casings do not have risk of infection with contagious animal disease by health certificates issued by the originating government.
2. Natural casings from (country of origin) of bovine origin.
3. The cattle origin raw material from which the certified casing were derived originate from raw materials from cattle slaughtered in countries other than those listed above, and these materials and final products were kept separate from any bovine materials from animals slaughtered in countries listed above.
4. The casings production facility is under official U.S. Department of Agriculture (USDA) supervision and maintains a system for tracing the animal origin materials, which guarantees the origin (collagen production facility for artificial casings and country of origin for intestinal casings) can be identified.
