RE: FOIA-2019-00297
04C05 Inspection Task Records

Dear Ms. von Klemperer:

This is the amended final response to your Freedom of Information Act (FOIA) request, dated April 17, 2019, to the U.S. Department of Agriculture's Food Safety and Inspection Service (FSIS), in which you requested a copy of 04C05 inspection task records, and any other remaining records relating to poultry slaughter GCP, from October 1, 2017 to April 17, 2019. You also requested that FSIS post all inspection task records for non-compliance related to related to the humane treatment of poultry under the Poultry Products Inspection Act (PPIA). We received your request in our office on April 17, 2019.

On December 29, 2020, you amended your request to a list of Noncompliance Reports and Memorandum of Interview without descriptions, and any other remaining records relating to poultry slaughter GCP, from October 1, 2017 to April 19, 2019. On January 8, 2021, after receiving our final response, along with the records satisfying your amended request, you determined you wanted to keep the original scope of the request. Thus, this amended final response addresses the scope of your original April 17, 2019, request.

The FSIS FOIA staff works with subject matter experts across the Agency to locate responsive documents. For this request, we conducted a record search in the Office of Planning, Analysis and Risk Management, the Office of Investigation, Enforcement and Audit and the Office of Field Operations. FSIS' search began on April 19, 2019. Our search includes responsive records in FSIS' control on that date.

We have processed an additional 1,286 pages that are responsive to your requests. After a thorough review, we have determined that portions of these documents are exempt from disclosure under (b)(4) and (b)(6) of the FOIA, 5 U.S.C. § 552, as amended. Accordingly, this request is granted in part.

Exemption 4 of the FOIA protects "trade secrets and commercial or financial information obtained from a person [that is] privileged or confidential." 5 U.S.C. §

552(b)(4). The exemption covers two distinct categories of information in federal agency records, (1) trade secrets, and (2) information that is (a) commercial or financial, and (b) obtained from a person, and (c) privileged or confidential. In this instance, the agency is withholding confidential business information, such as Hazard Analysis and Critical Control Point information, equipment information and proprietary processing procedures, which are customarily treated as private by the business submitters. Therefore, the information is considered confidential.

Portions of the responsive records are exempt from disclosure under FOIA Exemption 6, 5 U.S.C. § 552(b)(6). Exemption 6 protects information that would constitute an unwarranted invasion of an individual's personal privacy. The types of information withheld under Exemption 6 include the names, addresses, or cell phone numbers of employees of Establishments and third parties, including, but not limited to interviewees or customers.

With respect to the portion of your request seeking online posting of records, we consider your request under Section (a)(2)(D) of the FOIA. As you know, the FOIA affirmative disclosure requirements of Section (a)(2)(D) only applies to copies of records that have been released to any person pursuant to a valid FOIA request under 5 U.S.C. 552(a)(3), and that the agency has determined have become or are likely to become the subject of subsequent requests for substantially the same records or have been requested three or more times. For records that meet this criterion, FOIA requires the agency make copies of these records available for public inspection in an electronic format. See 5 USC 552(a)(2)(D) and 7 C.F.R. 1.2. FSIS has determined that the records provided in response to the (a)(3) portion of this request meet the requirements for public inspection in an electronic format. As such, FSIS will post these records to its public reading room within 45 days of the date of this amended final response letter.

You may appeal this determination no later than 90 days from the date of this letter. Your appeal should include copies of your original requests and this response, as well reasons supporting your appeal. The envelope should be plainly marked to indicate that it contains a FOIA appeal. If you decide to appeal, please send your appeal to:
