Enter the information below according to the corresponding “red” letters on the sample letterhead document attached below.

- A. Enter the date and export certificate number.
- B. Write the name of the State of origin of the poultry meat and meat products.
- C. Write the name of the State(s) which are restricted under Newcastle outbreaks in the export library for Taiwan.
- D. Write “Not applicable” if the poultry meat is sourced from birds hatched, raised and slaughtered in the United States, or

Write “Not applicable” if the poultry meat is sourced from birds hatched, and/or raised in Canada and then slaughtered in the United States.

- E. The veterinarian signing the document should complete this section to include
  - Their signature
  - Print their name
  - Write the veterinary professional degree (DVM or equivalent)

Certificate Number: \_\_\_\_\_

7. The poultry meat and poultry meat products are derived from:
  - a. Poultry hatched, raised, and slaughtered in the United States; and/or
  - b. Poultry slaughtered in the United States, but hatched or raised in Canada<sup>7</sup> in a Province recognized by COA as free of HPAI and ND as defined by OIE, in which no case of HPAI, H5 or H7 subtype LPAI in poultry as defined by OIE, or ND as defined by OIE has been confirmed in poultry as defined by OIE for at least 28 days before the day of slaughter of the birds from which the exported poultry meat or poultry meat product were derived. The poultry were not hatched or raised in           D          <sup>8</sup>, a Canadian Province not recognized<sup>9</sup> by COA as free of HPAI and ND as defined by OIE.
8. The poultry meat and poultry meat products have not been commingled with poultry meat and poultry meat products not meeting the pertinent requirements of this certificate. The poultry meat and poultry meat products are derived from birds that have not been commingled with birds that do not meet the pertinent requirements of this certificate.
9. After slaughter the poultry meat and poultry meat product was handled, packaged, and transported in the United State in a manner consistent with the U.S. regulations designed to ensure that the poultry meat and poultry meat product is kept in sanitary conditions to preclude contamination by pathogenic organisms or toxic substances and was transported in clean and sanitary containers. The package of the poultry meat bears the stamp of the competent authority of the United States indicating that the meat passed inspection and includes the establishment number.
