NOTICE OF SUSPENSION

Dear Mr. Lightfoot:

On June 23, 2022, a “Notice of Suspension” was issued to suspend the assignment of inspectors for your federal slaughter activities at Lightfoot Farm Market & Processing 7422 Ward Road, Millington, TN 38053 Est. M47646. This action was based on your establishment’s failure to handle livestock humanely according to 9 CFR Part 313.

Background/Authority

The Federal Meat Inspection Act (FMIA) (21 U.S.C. 603 *et seq*) states, “*for the purpose of preventing the inhumane slaughtering of livestock, the Secretary shall cause to be made, by inspectors appointed for that purpose, an examination and inspection of the method by which amenable species are slaughtered and handled in connection with slaughter in the slaughtering establishments inspected under this Act. The Secretary may refuse to provide inspection to a new slaughtering establishment or may cause inspection to be temporarily suspended at a slaughtering establishment if the Secretary finds that any cattle, sheep, swine, goats, horses, mules, or other equines have been slaughtered or handled in connection with slaughter at such establishments by any method not in accordance with the Act of August 27, 1958 (72 Stat. 862; 7 U.S.C. 1901-1906) until the establishment furnishes assurances satisfactory to the Secretary that all slaughtering and handling in connection with slaughter of livestock shall be in accordance with such a method.* This Act also gives FSIS personnel the right to examine and inspect all carcasses and parts of carcasses that are further treated and prepared, and the right to access and examine establishment records.

Under the authorities of the Act, FSIS has prescribed rules and regulations required for establishments producing meat products, including the requirements pertaining to Humane Slaughter of Livestock (9 CFR Part 313) and other matters. Specifically, your establishment failed to meet the following regulatory requirement as specified by 9 CFR § 313.16 (a)(1) and (3) which states, “*(a)Utilization of firearms, required effect; handling. (1) The firearms shall be employed in the delivery of a bullet or projectile into the animal in accordance with this section so as to produce immediate unconsciousness in the animal by a single shot before it is shackled, hoisted, thrown, cast, or cut. The animal shall be shot in such a manner that they will be rendered unconscious with a minimum of excitement and discomfort. (3) Immediately after the firearm is discharged and the projectile*

is delivered, the animal shall be in a state of complete unconsciousness and remain in this condition throughout shackling, sticking, and bleeding”.

Humane Methods of Slaughter Act: Humane Methods of Slaughtering Act, 7 U. S. C. 1901 states, “*The Congress finds that the use of humane methods in the slaughter of livestock prevents needless suffering; results in safer and better working conditions for persons engaged in slaughtering operations; brings about improvement of products and economies in slaughtering operations; and produces other benefits for producers, processors and consumers which tends to expedite an orderly flow of livestock and livestock products in interstate and foreign commerce. It is therefore declared to be the policy of the United States that the slaughtering of livestock and the handling of livestock in connection with slaughter shall be carried out only by humane methods (7 U.S.C. 1901).*”

FSIS has prescribed Rules of Practice regarding enforcement (9 CFR Part 500). The Rules of Practice describes the types of enforcement actions that FSIS may take including procedures for taking a withholding action and/or suspension, with or without prior notification, and for filing a complaint to withdraw a grant of Federal inspection. 9 CFR § 500.3 (b) states, “*FSIS also may impose a suspension without providing the establishment prior notification because the establishment is handling or slaughtering animals inhumanely.*”

Findings/Basis for Action

On Thursday, 23 June 2022, at approximately 0800 (Lightfoot Farm Market,- Millington, TN) While observing kill floor operations, (b) (6) observed the following non-compliance. After ante-mortem inspection, a young steer was loaded into the knock-box and restrained in a head chute. The animal stood calmly and was not overly excited. The stun operator approached the bovine and administered the first stun with a .22 caliber long-rifle. This attempted stun was ineffective as the animal remained standing with conscious eye tracking. The rifle was immediately reloaded by the stun operator, and a second shot was administered from the same rifle. This shot was also ineffective, the animal remained standing, and vocalized. A third attempt delivered with the same firearm was ineffective, as the animal remained standing with conscious eye tracking. The stun operator reloaded the same firearm and rendered the animal insensible with the fourth stun attempt, and it remained so thereafter. Mr. Neil Lightfoot, establishment owner, was verbally notified of the non-compliance and a regulatory control action was taken, tagging the knock box with U.S. Retained/Rejected Tag No. B-45684276.

On June 23, 2022, at approximately 11:01 AM CDT, the DDM from the Jackson District Office, contacted you telephonically and informed you that the withholding action to suspend the federal slaughter activities at your facility was sustained. You are herein receiving written notification of the suspension of the assignment of inspectors for your federal slaughter activities with this letter.

The occurrence of this inhumane handling incident constitutes a violation of the humane slaughter requirements and supports a conclusion that your handling of livestock violated the provisions of 21 U.S.C. 603, Section 3 (b) of the FMIA, and 7 U.S.C. 1901 and 1902 of the Humane Methods of Slaughter Act of 1978. You failed to meet the regulatory requirements of 9 CFR § 313.16 (a) (1 and 3). The suspension of the assignment of inspectors for federal slaughter activities will remain in effect until you provide written corrective actions and preventive measures to the Jackson District Office, to assure that the animals at your establishment will be handled humanely in accordance with the Humane Methods of Slaughter Act and regulations promulgated there under.

Mr. Neil Lightfoot

June 23, 2022

Please provide this office with a written response concerning this Notice of Suspension by addressing the following:

- Evaluate and identify the root cause of the incident.
- Explain the specific reason(s) why the event occurred.
- Describe the specific actions taken to eliminate the root cause of the incident.
- Describe specific planned actions that you will take to prevent future recurrences.

Please provide associated records that include monitoring and verification activities that your establishment will use to ensure that the changes made are effectively implemented. We will determine further action, if any, based on your response(s).

As a federally inspected establishment, you are expected to comply with 9 CFR § 313.16 (a) (1 and 3) of the regulations and all other requirements concerning the humane slaughter of livestock. In accordance with 9 CFR § 500.3 (b), we are implementing a suspension of the assignment of inspectors for your federal slaughter activities due to inhumane handling. Establishment management should clearly understand the seriousness of repetitive humane handling violations which could lead to Agency actions, that could result in actions to withdraw the grant of inspection.

You may appeal this action by contacting:
