This CareStart™ COVID-19 Antigen Home Test has an expiration date of 11/30/22

According to the US Food and Drug Administration (FDA), the expiration date of this at-home COVID-19 test has been extended.

We are sending you this notice to update you that FDA has extended the expiration date on the self-test shipped to you.

For Test: Access Bio, Inc.
CareStart™ COVID-19 Antigen Home Test : EUA210314/S009
Lot Number #: CP21M04
Expiration date on box: 5/2022
Now has expiration date: 11/30/2022

Note: long exposure to high temperatures may impact the test performance. If your test has been left in a high temperature environment beyond the normal shipping time to be delivered to you, such as being left outside in the heat for several days, the FDA recommends considering using a different test.
