

Justifiable Documentation

Justification

- **Justify why you selected the sample site**
- **Support your selection**
- **Develop a thought process**

Thought Process

- **Gather information by asking questions**
- **Assess the information**
- **Determine site selection**

A logical sequence to arrive at a sound, supportable conclusion

Justification

Documenting your justification will help:

- **others understand **why** you did **what** you did**
- **you remember why you selected a specific site over another location**

Justification

Documenting your justification will help:

- **future efforts at that plant and other establishments**
- **others learning how to do IVTs**
- **strengthen any legal concerns**

Documentation

Document your justification

- **Link your site selection to other documents**
- **Other documents may help support your decision**
- **Associated noncompliances show how issues are interrelated**

Information Sources

You may use various sources to help you determine the sample site

- **In-plant data generated by the plant**
- **NRs**
- **Food safety assessments**
- **Previous analyses results**
- **Verification plans**
