Attention: Rodrigo Duarte, Owner

NOTICE OF REINSTATEMENT OF SUSPENSION HELD IN ABEYANCE

On June 3, 2024, your establishment received official notification from the Food Safety and Inspection Service (FSIS) of the reinstatement of suspension of the assignment of inspection personnel for slaughter operations at Puro Alentejano Iberian Pork Corp, Est. M47945. The decision to re-suspend inspection at your establishment was based on the determination by FSIS that your establishment failed to slaughter and handle animals humanely.

On June 3&4, 2024, you provided FSIS with proposed responses to the suspension action. Your responses outlined written corrective and preventive measures to bring your establishment into compliance with humane handling of livestock requirements and to achieve compliance with the Federal Meat Inspection Act (FMIA) (Title 21 of the United States Code {21 U.S.C} 603), the Humane Methods of Slaughter act of 1978 (HMSA) (7 U.S.C. 1901 et seq.), and federal regulations {Title 9 of the Code of Federal Regulations (9 CFR) parts 313}. Based on your submitted written assurances, we have determined that the reinstated suspension of the assignment of inspectors for slaughter operations at your plant will be held in abeyance, in accordance with 9 CFR Part 500.5(e).

The reinstated suspension will remain in abeyance pending verification by FSIS that your proposed corrective and preventive measures have been effectively implemented. Plant personnel should monitor operations to prevent violations of humane handling and slaughter from occurring in the future. It is also important for you to understand the responsibility of FSIS to initiate action when there is a failure to operate in accordance with 9 CFR Part 313 of the regulations.

A copy of the updated FSIS Verification Plan is enclosed to assist you in understanding the nature and importance of the Agency's verification activities. This FSIS Verification Plan is designed to verify that your establishment fully implements the corrective actions proffered in your proposed corrective actions, and that these revisions and corrective actions are effective in assuring ongoing regulatory compliance. It identifies your corrective action elements, the relevant regulatory requirements, the PHIS task under which corrective action elements will be verified, and the monitoring frequency. Only FSIS can amend the verification plan and any modifications to your submitted acceptable corrective actions made during the abeyance period will need to be submitted in writing to FSIS for verification of compliance prior to implementation by your establishment. FSIS will begin verification of your proposed actions before startup of your next scheduled slaughter.

Rodrigo Duarte, Owner
Puro Alentejano Iberian Pork Corp., M47945

Notice of Reinstatement of Suspension Held in Abeyance
June 4, 2024

Please be advised that, as a federally inspected establishment, you are expected to comply with FSIS regulations and to take appropriate corrective action to prevent Inhumane Handling of Livestock at your establishment. Your failure to comply with these requirements or to implement the measures in your action plan could result in an additional reinstatement of the suspension of inspection at your establishment or other appropriate administrative or legal action.

If you have any questions, please contact me via telephone at 919-326-5281 or via electronic mail at todd.furey2@usda.gov. Additionally, you can contact the Raleigh District Office at 919-844-8400 or by fax at 844-839-6359.

Sincerely,

Quarterly Enforcement Report
Establishment File (Est. M47945)

Establishment Name: Puro Alentejano Iberian Pork Corp
Establishment Number: M47945
Two-Week Period Ending: _____

Reason for Verification: On 06/03/2024, Establishment M47945 was issued a NOROS for failure to meet 9 CFR 313 of the regulations. On 06/04/2024, the establishment was issued a NOROSHIA after submitting acceptable corrective actions and preventive measures.

Information for Establishment Management: This verification plan was created from the corrective actions and preventive measures which were submitted to, and which were accepted by, the Raleigh District Office. As such, any changes to these corrective actions and preventive measures needs to be approved by the Raleigh District Office prior to implementation.

Instructions for completion of Humane Handling and Slaughter Verification form:

1. "Results of Verification" column should be recorded as "Acceptable", "Unacceptable", or "N/A"
2. "Inspection Actions" column should be used to document unacceptable findings or any additional corrective actions taken in compliance with 9 CFR 13.
3. The implementation and effectiveness of the establishment's corrective actions should be verified at the frequencies stated below. The in-plant inspection team (IPP) can request, through supervisory channels, a change in the frequencies when the determination is made that the establishment has effectively implemented the corrective actions.
4. Each day verification activities are performed, IPP should add a Directed Livestock Humane Handling Verification task in PHIS and use the justification "Verification Plan for Enforcement Actions" to justify the scheduling of the Directed task.
5. IPP will provide bi-weekly verification updates detailing the results of verification activities and submit to the SPHV/FLS for review.
6. The completed bi-weekly report will be submitted via email to (b) (6), District Veterinary Medical Specialist, and to Mr. David Lilly, District Case Specialist.

Items to Verify	Results of Verification	Inspection Actions
1. Verify that all boar hogs that are > 400 lbs. are identified prior to slaughter so that employees can prepare to stun using the (b) (4) rifle. (Daily, as applicable)		
2. Verify that a (b) (4) rifle has been purchased and		

<p>is available for stunning of large boar hogs (> 400 lbs.). (Once)</p> <p>Note: Large boar hogs (> 400 lbs.) cannot be slaughtered until the new firearm has been purchased and is available.</p>		
<p>3. Verify that the (b) (4) rifle is used to stun large boar hogs (> 400 lbs.) (Daily, for each slaughter day, as applicable)</p>		
<p>4. Verify that the electrical stunning device is used to stun sows and smaller hogs (< 400 lbs.). (Daily, for each slaughter day, as applicable)</p>		
<p>5. Verify that Rodrigo Duarte or another trained employee supervises and observes animal stunning and records observations on the Ongoing Verification of Animal Stunning form at the following frequencies:</p> <ul style="list-style-type: none"> A. All boar hogs > 400 lbs., up to a count of 10 B. All other hogs, once weekly. <p>(Daily, as applicable)</p>		
<p>6. Verify that stunning of all hogs is effective. (Daily, as applicable)</p>
