NOTICE OF DEFERRAL

Dear Ms. Iverson,

On November 22, 2023, the Food Safety and Inspection Service (FSIS) issued a Notice of Intended Enforcement (NOIE) to your establishment, Honest Meats, LLC, Est. M7420. The NOIE provided your firm with official notification of our intent to suspend the assignment of inspectors for the slaughter process at your establishment located at 256 Charles Street, Harrisonburg, VA, in accordance with Title 9 of the Code of Federal Regulations (9 CFR), part 500.3(b). This action was based on the egregious humane handling incident in which a large hog was observed to have regained consciousness while hanging on the bleed rail.

In the NOIE, FSIS requested the following information be provided within three working days from the date of your establishment's receipt of the NOIE letter.

1. Identify the specific reason(s) why the event occurred.
2. Describe the specific actions that will be taken to eliminate the cause of the incident and prevent future recurrences.
3. Describe the future monitoring activities that your establishment will use to ensure that the actions are effective.

On November 28 & 29 and December 1, 2023, you submitted responses to the incident. After careful review of all your submitted documentation, the Raleigh District Office (RDO) determined that you adequately addressed FSIS's concerns.

This letter serves as written notification that FSIS is deferring the decision to suspend slaughter inspection at your facility. The deferral of this decision will remain in effect until your firm has demonstrated effective implementation of its proposed corrective and preventive measures, and that those measures have been verified by FSIS to ensure no repetition of noncompliance related to your facility's responsibilities for the Humane Methods of Slaughter Act and FSIS regulations.

FSIS is committed to monitoring establishment's operations to see that they are fully complying with regulatory requirements. Because of this commitment, enclosed is a copy of FSIS' Verification Plan which will be used by inspection personnel to verify your facility's regulatory

compliance in conjunction with the conditions of this Notice of Deferral. This specific Verification Plan is designed to verify that your establishment fully implements corrective measures proffered and that these actions are effective in assuring ongoing regulatory compliance. It identifies specific elements of your corrective measures and the relevant regulatory requirements that Inspection Program Personnel will verify until FSIS determines that your establishment has effectively implemented its proposed corrective and preventive measures. Our verification includes the expectation that you meet any timeframe commitments you have identified in your proposed corrective actions. Should your firm fail to operate in accordance with its commitments, or to comply with the regulatory requirements, FSIS will take immediate and appropriate regulatory control actions.

You are reminded that as an operator of a federally inspected facility, you are expected to fully comply with all FSIS regulations and to take appropriate corrective actions to prevent the inhumane treatment and slaughter of livestock. The Humane Methods of Slaughter Act of 1978 (Section 1901, 1902, and 1906) states that the slaughtering and handling of livestock are to be carried out only by humane methods. 9 CFR 313 contains the FSIS regulatory requirements that were promulgated based on the HMSA and the Federal Meat Inspection Act (FMIA). It is fully expected that you comply with the HMSA, FMIA, and the regulatory requirements of Part 313, and that you carry out each of the corrective and preventive actions you proffered in response to the egregious incident. Failure to comply could result in the suspension at your facility or other appropriate administrative or legal actions. We urge your company's cooperation and voluntary compliance.

If you have any questions, please contact Todd Furey via telephone at 919-326-5281 or via electronic mail at todd.furey2@usda.gov. Additionally, you can contact Raleigh District Office at 919-844-8400 or by fax at 844-839-6359.
