

Guidelines for animal and public health certificate for mechanically separated ruminants intended for consignment to the European Community from third countries.

General

To positively select any option, please tick or mark the relevant box with a cross (x). Where a box is not compulsory, its content shall appear in strike-through. Only one box from boxes I.21 to I.22 may be selected. All strikethroughs (pre-existing or added) shall be initial, dated, and stamped in color other than black ink.

	Description
I.1	Consignor/Exporter
	Indicate the name and address, country, and ISO country code, of the natural or legal person dispatching the consignment. This person shall be established in a third country, except for the re-entry of consignment originating in the Union. https://www.iso.org/obp/ui/#_search (Select country code and then enter country name).
I.2	Certificate reference
	Indicate the unique alphanumeric certificate number from FSIS Form 9060-5 (Export Certificate of Wholesomeness).
I.2a	IMSOC reference
	Not applicable
I.3	Central competent authority
	Food Safety and Inspection Service
I.4	Local competent authority
	Not applicable.
I.5	Consignee/Importer

	<p>Indicate the name and address of the natural or legal person to whom the consignment is destined in the Member State or third country of destination in the case of transit.</p> <p>This box is optional for consignments in transit through the Union. If no information is entered, mark out this box.</p>
I.6	Operator responsible for the consignment
	<p>Indicate the name and address, country, and ISO country code, of the natural or legal person in the Member State in charge of the consignment when presented at the Border Control Post (BCP) who makes the necessary declarations to the competent authorities as the importer or on behalf of the importer. This operator may be the same as indicated in box I.5.</p> <p>For products in transit through the Union: this box is compulsory.</p>
I.7	Country of origin
	<p>For products: indicate the name and ISO country code of the country where the goods were produced, manufactured, or packaged (labelled with the identification mark).</p> <p>In the case of trade involving more than one third country, a separate certificate must be completed for each country of origin.</p> <p><i>Enter "USA" and "US." If product is from another country, enter appropriate code.</i></p>
I.8	Region of origin
	<p>Where relevant for the movement of animals or products that are affected by regionalization measures in accordance with Union legislation, indicate the code of the approved regions, zones or compartments as indicated in the Official Journal of the European Union.</p> <p>Provide the code of the zone as appearing in column 2 of the table in Part 1 of Annex XIII to Implementing Regulation (EU) 2021/404.</p> <p><i>Enter "US" and code "US-0." If product is from another country, enter appropriate code.</i></p>
I.9	Country of destination
	<p>If the products are in transit, indicate the name and ISO country code of the third country of destination.</p>
I.10	Region of destination
	<p>See box I.8</p> <p>If no information is entered, mark out this box.</p>

I.11	Place of dispatch
	<p>Indicate the name and address, country, and ISO country code of the establishment(s) from where the products come from. Where required by Union legislation, indicate its registration or approval number.</p> <p>Only the establishment shipping the products is to be named. In the case of trade involving more than one third country (triangular trade), the place of dispatch is the last third-country establishment of the export chain from which the final consignment is transported to the Union.</p>
I.12	Place of destination
	<p>For storage of products in transit: indicate the name, address and approval number of the warehouse as defined in Article 2(3) of Commission Delegated Regulation (EU) 2019/2124. This box is optional in the case of transit without storage of products.</p>
I.13	Place of loading
	<p>For products: indicate the name, address, and category (for example, establishment, port or airport) of the final place where the products are to be loaded in the means of transport for the journey to the Union. In the case of a container, state where it is to be placed aboard the final means of transport to the Union. In the case of a ferry, indicate the place where the truck is to be embarked.</p>
I.14	Date and time of departure
	<p>For products: the date when the means of transport departs (aircraft, vessel, and railway or road vehicle).</p>
I.15	Means of transport
	<p>Select one or more of the following means of transport for animals or goods leaving the country of dispatch, and indicate its identification: aircraft (indicate the flight number); vessel (indicate the vessel name and number); railway (indicate the train identity and wagon number); road vehicle (indicate the registration number with trailer number, if applicable). In the case of a ferry, tick 'vessel' and identify the road vehicle(s) with registration number (with trailer number, if applicable), in addition to the name and number of the scheduled ferry.</p>
I.16	Entry Border Control Post

	Indicate the name of the BCP of entry into the Union.
I.17	Accompanying documents
	Not applicable.
I.18	Transport conditions
	Indicate the category of required temperature during the transport of products (ambient, chilled, and frozen). <i>Pick only one option.</i>
I.19	Container number/Seal number
	Where applicable, indicate the container number and seal number (more than one possible). The container number must be provided if the goods are transported in closed containers. Only the official seal number must be stated. An official seal applies if a seal is affixed to the container, truck, or rail wagon under the supervision of the competent authority issuing the certificate. Commercial seal number is not required.
I.20	Certified as or for
	Select the intended use of goods or the category as specified in the relevant Union legislation: <i>Pick only one option.</i> Trade samples: as defined in point 39 of Annex I to Commission Regulation (EU) No 142/2011. Canning industry: concerns products for human consumption, (for example tuna) specifically intended only for the canning industry. Products for human consumption: concerns only products of animal origin intended for human consumption for which an animal health, official certificate or animal health/official certificate is required by Union legislation. Further processing: concerns products that have to be further processed before being placed on the market.
I.21	For transit
	Tick this box for the transit of animals or products through the European Union from one third country to another third country or from one part of a third country to another part of the same third country. Indicate the name and ISO country code of the third country of destination.

I.22	For internal market
	Not applicable.
I.23	For re-entry
	Not applicable
I.24	Total number of packages
	Indicate the total number of packages in the consignment, where appropriate.
I.25	Total quantity
	Not applicable
I.26	Total net weight/gross weight (kg)
	<p>The total net weight is the mass of the goods, without immediate containers or any packaging. The declared net weight of glazed food shall be exclusive of the glaze.</p> <p>Indicate the total gross weight, i.e. the aggregate mass of the goods, plus immediate containers and all their packaging, but excluding transport containers and other transport equipment.</p>
I.27	Description of consignment
	<p>“CN Code”: Indicate the relevant Harmonised System (HS) code and the title defined by the World Customs Organisation as referred to in Council Regulation (EEC) No 2658/87. This customs description shall be supplemented, if necessary, by additional information required to classify the animals or the products in veterinary terms.</p> <p>In addition, state any specific requirements relating to the animals or to the nature/processing of the products as defined in the relevant Union legislation.</p> <p>For products: indicate the species; type of products; type of treatment; slaughterhouse, manufacturing plant, and cold store along with country iso code; number of packages; type of packaging; batch number; net weight and the (oldest) date of collection/production.</p> <p>Tick “final consumer” where products are packaged for final consumers.</p> <p>Species: indicate the scientific name or as defined in accordance with Union legislation.</p>

Type of packaging: identify the type of packaging according to the definition given in Recommendation No 21(10) of UN/CEFACT (United Nations Centre for Trade Facilitation and Electronic Business).

For example: Bag=BG; Bin=COM/BI;

Box=BX;Bucket=BJ;Carton=CT;Case=CS;Drum=DR;Package=PK;Pail=PL;Pallet=PAL; Tray= PU; Unpacked/unpackaged=NE; Vacuum-Packed=VP; Vat=VA.

If there is insufficient space to include all the required information for each batch no., use the Continuation Page for I.27, and indicate this under “Batch No.” by adding the following statement: “Please see Continuation Sheet for I.27.”

I.27 Description of consignment				
CN code	Species			
		Cold store	Type of packaging	Net weight
Slaughterhouse	Treatment type		Nature of commodity	Number of packages
Final consumer	Date of collection/production		Manufacturing plant	Batch No
				* Please see continuation sheet for I.27

PART II – Certification

II	Health Information
	This box refers to the specific Union health and welfare requirements applicable to the animal species or to the nature of the products and as defined in the equivalence agreements with certain third countries or in other Union legislation, such as that for certification.
II.2.a	Certificate reference
	Indicate the unique alphanumeric certificate number from FSIS Form 9060-5 (Export Certificate of Wholesomeness).
II.2.b	IMOSC reference
	Not applicable

II.2	Animal Health Attestation
II.2.1	Provide the code of the zone as appearing in column 2 of the table in Part 1 of Annex XIII to Implementing Regulation (EU) 2021/404 . <i>Enter "US" and code "US-0." If product is from another country, enter appropriate code.</i>
II.2.2	Mark through species that are not applicable.
Signature block	Name of Official Veterinarian in all capitals. Date should match the issue date of FSIS Form 9060-5 Stamp- apply the rubber USDA export stamp in a color other than black. The certificate number shown on the stamp is the certificate number on the FSIS Form 9060-5. Qualification and title- DVM; PHV Signature – ink signature in a color other than black. The FSIS veterinarian signs the bottom of each page in the space provided.
