

# Small Plant Help Desk

## How to Sign Up

To create an account

Enter information into each required field\*

- Email Address – a valid email address is important to access your account and receive answers
- Username – this can be any combination of letter or numbers and is case sensitive
- Password - must be at least 6 characters, numbers or letters or a combination
- Verify Password – must match the password you entered
- First Name
- Last Name
- Customer Type SP – select from the pull down menu the option that best describes your business

Once all the information is entered, hit “Create Account” and your account has now been created.
