Salmonella Surveillance Program – For Each Product Category

**Start – 100% Rate**

- Sample 60 consecutive lots X 5 samples / lot = 300 samples
  - Neg
  - All Neg
  - Neg

**Level 1 – 50% Rate (1:2)**

- 1 lot sampled / every 2 lots produced (120 consecutive production lots)
- 60 lots X 5 samples / lot = 300 samples
  - All Neg
  - Neg

**Level 2 – 25% Rate (1:4)**

- 1 lot sampled / every 4 lots produced (240 consecutive production lots)
  - 60 lots X 5 samples / lot = 300 samples
  - All Neg
  - Neg

**Level 3 – 12.5% Rate (1:8)**

- 1 lot sampled / every 8 lots produced (continuous)
- 5 samples / lot is collected

If 2 lots within the same category (at any level) are positive within a 12-mo period
