SUPPLEMENTARY INFORMATION:

Title: Marking, Labeling, and Packaging of Meat, Poultry, and Egg Products.

OMB Number: 0583-0092.

Expiration Date of Approval: 5/31/2021.

Type of Request: Renewal of an approved information collection.

Abstract: FSIS has been delegated the authority to exercise the functions of the Secretary (7 CFR 2.18, 2.53), as specified in the Federal Meat Inspection Act (FMIA) (21 U.S.C. 601, *et seq.*), the Poultry Products Inspection Act (PPIA) (21 U.S.C. 451, *et seq.*) and the Egg Products Inspection Act (EPIA) (21 U.S.C. 1031, *et seq.*). These statutes mandate that FSIS protect the public by verifying that meat, poultry, and egg products are safe, wholesome, unadulterated, and properly labeled and packaged.

FSIS is requesting renewal of the approved information collection regarding the regulatory requirements for marking, labeling, and packaging of meat, poultry, and egg products. There are no changes to the existing information collection. The approval for this information collection will expire on May 31, 2021.

To control the manufacture of marking devices bearing official marks, FSIS requires official meat and poultry establishments and the manufacturers of

such devices to submit an Authorization Certificate to the Agency (FSIS Form 5200-7). Such certification is necessary to help prevent the manufacture and use of counterfeit marks of inspection (9 CFR 312.1, 317.3, 381.96, and 381.131).

Meat and poultry establishments and egg products plants must develop labels in accordance with FSIS regulations (9 CFR 317.1, 381.115, 590.410, and 412.2). Unless its labels are generically approved (meaning, they do not need to be submitted to FSIS prior to use on product in commerce), establishments must complete an application for approval (“Application for Approval of Labels, Marking or Device,” FSIS Form 7234-1)(9 CFR 412.1). Respondents must submit duplicate copies of the labels when submitting the applications by paper. Establishments may also submit labels through the Label Submission and Approval System (LSAS), which is an internet-based application that allows respondents to gain label approval through a secure website. The establishment must maintain a copy of all the labeling used, along with product formulation and processing procedures and any additional documentation needed to support that the labels are consistent with FSIS regulations and policies on labeling (9 CFR 320.1(b)(11) and 381.175(b)(6)). Additionally, establishments requesting reconsideration of a label application that the Agency has modified or rejected under 9 CFR 500.8 would submit their request using the “Request for Label Reconsideration,” FSIS Form 8822-4.

FSIS has made the following estimates based upon an information collection assessment:

Estimate of Burden: FSIS estimates that it will take respondents an average of 4 minutes per response related to marking; 75 minutes per response related to labeling applications and recordkeeping; 120 minutes per response related to labeling reconsideration requests; 15 minutes per response related to generically approved labeling recordkeeping; and 2 minutes per response related to packaging materials recordkeeping.

Respondents: Official meat and poultry establishments, official egg plants, and foreign establishments.

Estimated No. of Respondents: 5,736 related to marking; 3,682 related to labeling applications and

recordkeeping; 74 related to labeling reconsideration requests; 6,333 related to generically approved labeling recordkeeping; and 5,735 related to packaging materials recordkeeping.

Estimated No. of Annual Responses per Respondent: 1 related to marking; 20 related to labeling applications and recordkeeping; 2 related to labeling reconsideration requests; 20 related to generically approved labeling recordkeeping; and 2 related to packaging materials recordkeeping.

Estimated Total Annual Burden on Respondents: 128,267 hours.

Copies of this information collection assessment can be obtained from Gina Kouba, Office of Policy and Program Development, Food Safety and Inspection Service, USDA, 1400 Independence Avenue SW, Room 6065, South Building, Washington, DC 20250-3700; (202) 720-5627.

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of FSIS's functions, including whether the information will have practical utility; (b) the accuracy of FSIS's estimate of the burden of the proposed collection of information, including the validity of the method and assumptions used; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques, or other forms of information technology. Comments may be sent to both FSIS, at the addresses provided above, and the Desk Officer for Agriculture, Office of Information and Regulatory Affairs, Office of Management and Budget (OMB), Washington, DC 20253.

Responses to this notice will be summarized and included in the request for OMB approval. All comments will also become a matter of public record.

Additional Public Notification

Public awareness of all segments of rulemaking and policy development is important. Consequently, FSIS will announce this **Federal Register** publication on-line through the FSIS web page located at: <http://www.fsis.usda.gov/federal-register>.

FSIS will also announce and provide a link to this **Federal Register** publication through the FSIS *Constituent Update*, which is used to provide information regarding FSIS policies, procedures, regulations, **Federal Register** notices, FSIS public meetings, and other types of information that could affect or would be of interest

to our constituents and stakeholders. The *Constituent Update* is available on the FSIS web page. Through the web page, FSIS can provide information to a much broader, more diverse audience. In addition, FSIS offers an email subscription service which provides automatic and customized access to selected food safety news and information. This service is available at: <http://www.fsis.usda.gov/subscribe>. Options range from recalls to export information, regulations, directives, and notices. Customers can add or delete subscriptions themselves and have the option to password protect their accounts.
