The problem was discovered through microbiological testing at a supplier to Wolverine Packing Company. FSIS has received no reports of illnesses associated with consumption of this product.

_E. coli_ O157:H7 is a potentially deadly bacteria that can cause bloody diarrhea and dehydration. The very young, seniors and persons with compromised immune systems are the most susceptible to foodborne illness.

Consumers and media with questions about the recall may call company Vice-President Roger Bonahoom at 1-800-521-1390.

Consumers with other food safety questions can phone the toll-free USDA Meat and Poultry Hotline at 1-888-MPHOTLINE (674-6854). The hotline is available in English and Spanish and can be reached from 10 a.m. to 4 p.m. (Eastern Time), Monday through Friday. Recorded food safety messages are available 24 hours a day.

**USDA RECALL CLASSIFICATIONS**

**Class I** This is a health hazard situation where there is a reasonable probability that the use of the product will cause serious, adverse health consequences or death.

**Class II** This is a health hazard situation where there is a remote probability of adverse health consequences from the use of the product.

**Class III** This is a situation where the use of the product will not cause adverse health consequences.
