**FSIS Letterhead Certificate for the Export of Fresh or Frozen Beef,  
Beef Products, and Beef Offals Produced After February 17, 2015  
From the United States to St. Lucia**

**Date Issued:** \_\_\_\_\_ **Certificate Number:** \_\_\_\_\_

1. The United States has been recognized by the World Organization of Animal Health (OIE) as a country free of Foot-and-Mouth Disease and Rinderpest.
2. The United States complies with the conditions of the Terrestrial Animal Health Code of the OIE, as a country that presents a Negligible Risk for Bovine Spongiform Encephalopathy.
3. The beef or beef products comply with the BSE regulatory requirements and guidelines of the United States.
4. The feeding of ruminants with ruminant origin meat-and-bone meal or greaves is prohibited in the United States.
5. The cattle from which the beef and beef products were derived were not subjected to a stunning process, prior to slaughter, with a device injecting compressed air or gas into the cranial cavity, or to a pithing process.
6. The beef or beef products were produced in accordance with the U.S. National Residue Program, which assures that the products do not contain harmful levels of veterinary drugs, pesticides or environmental contaminants.
