¹Source - Slaughter Volume Data from September 1, 2018 to August 31, 2019 (Data Source for livestock, poultry and egg products: PHIS, October 10, 2019)

²Dressed weight calculated by applying dressing percentages to live weights. Live weight data was obtained from PHIS and dressing percentage from USDA AMS Report (Nov 21, 2019) "Weekly Poultry Slaughtered Under Federal Inspection" https://search.ams.usda.gov/mnreports/nw_py017.txt

³All livestock = Calculated using PHIS
