Note: In the third quarter of FY 2011, FSIS began transitioning to a new information system, the Public Health Information System (PHIS). PHIS does not currently have the ability to capture NR appeals data. This function is a system enhancement that is expected in FY 2014. As a result, Table 2 contains NR appeals data obtained from OFO District Office staff. These appeals represent only those that have risen to the District Office level; some appeals are resolved at other levels and are not counted in Table 2. NR appeals data, as previously reported in the Performance Based Information System (PBIS) captured all levels of the appeals process. Therefore, comparisons between FY data for NR appeals are not appropriate.
