¹ Routine reinspection includes the Certification and Label Verification Types of Inspection (TOIs) as well as verification of product condition and identification of shipping damage.

² Type of Inspection (TOI). This column is a subset of the total product presented and identifies the amount of product subjected to more in depth physical and/or laboratory TOIs in addition to the routine reinspection TOIs (Certification and Label Verification).

³ Total product refused entry. The importer of record has options including destruction, re-export if allowed, conversion to animal food with Food and Drug Administration approval, or rectification (see footnote 4).

⁴ Initially refused entry, but subsequently brought into compliance and accepted. Issues amenable to rectification include labeling and certification, among others.

⁵ Total Accepted includes all product that was initially inspected and passed plus product that was initially refused entry but later rectified.

MILLER'S ORGANIC FARM AND AMOS MILLER, OWNER BIRD-IN-HAND, PA	04/04/19		11/19/19	In the United States District Court for the Eastern District of Pennsylvania, the firm and Mr. Miller were permanently enjoined from committing violations of the FMIA and the PPIA, by illegally slaughtering and processing livestock and poultry from its farm site, and selling the resulting meat food and poultry products for human consumption, without a grant of Federal inspection. The order requires, among other things, that the firm cease commercial sales of non-federally inspected, misbranded, and non-exempt meat and poultry products, and maintain transactional business records, cooperate with FSIS oversight, and otherwise comply with federal food safety laws. Previously, a complaint was filed against the firm and Mr. Miller for violations of FSIS regulations.
